

Sports camp important parent information

Entrance and collection of children is usually at the main entrance to the school or if not, you will be directed from there. If collection is required before 5:30pm we need notifying at registration and when you arrive to collect your child(ren) you will need to call the holiday camp mobile (the number will be displayed at the drop off/pick up point). Doors will not be opened until 5:15pm to ensure child safety. Please be aware that the Olympic and Paralympic sports will be delivered both indoors and outdoors. Therefore, please can you ensure that your child(ren) have suitable clothing with them for indoor and outdoor conditions (including extra layers in case of cold weather), as well as suitable footwear for indoor and outdoor use. Please note football boots are not acceptable however astro-turf shoes are acceptable. We suggest that you send with your child a spare pair of shorts and t-shirt. We would also suggest children bring with them a couple of plasters in case they graze themselves or get blisters as we cannot administer plasters. We also recommend that sun cream is brought in for your child's use.

It is your responsibility to let us know if your child has any conditions that may affect them during the camp which we will need to deal with/be aware of. If your child requires medication, then you will need to make us aware of this and ensure the applicable medication is left with us.

Please ensure your child(ren) bring a packed lunch and drink with them for a day of fun filled sporting activities! We would prefer non fizzy drinks. Water will be available. We recommend bringing plenty of food as your child(ren) will be burning more calories than on a normal school day.

We have a number of children who regularly attend our sports camps who have airborne allergies to nuts and seeds, meaning that if someone nearby has nuts or seeds will cause a severe allergic reaction.

Therefore, could we request that when you send your child/children to the sports camps that you kindly refrain from sending foods containing nuts or seeds for example; seeded bread / Nutella / Nuts i.e cashew/almonds/peanuts etc. Your cooperation in this matter is appreciated.

We ask that parents/guardians bring their children into the venue at the start of the day so that they can sign their child/children in, and then come into the venue at the end of the day to pick up their child/children and sign them out. We will not release your child from the sports camp with anyone else except those named on the child's consent form or by themselves unless you specify on your booking form or inform us in person. We may ask to see ID of the nominated person collecting your child(ren).

Expectations of all participants will be to display the Olympic and Paralympic values which are; friendship, respect, excellence, equality, courage, determination and inspiration. Your child(ren) will be in a happy environment and we will not tolerate any forms of misbehavior, foul language or bullying. Please be aware that if your child does misbehave then they will be given a warning and miss out of activities. If they continue to misbehave either on the same day or a following day it will result in us contacting yourself to come and collect your child. We expect all children to join in with all activities, any child refusing to participate without valued reason will be sent home from the camp.

If your child/children become ill during the camp or sustain an injury we will contact you and expect you to come and collect them or in the case of a severe sports injury or illness take them to hospital.

IF YOUR CHILD(REN) ARE UNABLE TO ATTEND ANY OF THE CAMP DAYS PLEASE CONTACT US TO LET US KNOW. IF ITS ON THE MORNING OF THE CAMP PLEASE CALL THE CAMP MOBILE ON 07539 640010.
